

# Calm the Chaos!

## Mastering Fireground Command

Hosted by the  
Columbus, Indiana FD

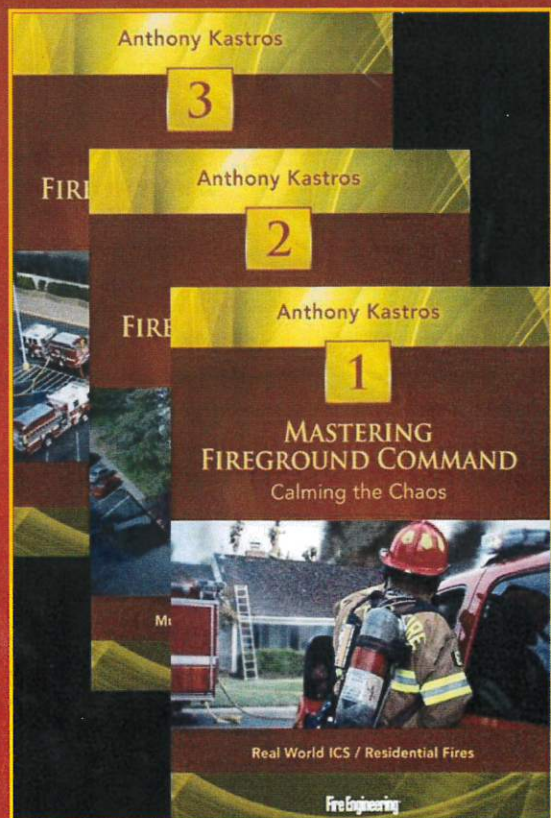

Based Upon the Best-Selling Video Series by:

# Fire Engineering®

**This workshop is AFG grant-funded and FREE to enroll!**

Participate in simulations for house fires, garden/center hall apartments, commercial fire incidents and maydays. Review actual inside-the-command-post incident video and audio to get answers to the following questions...

- ☐ How do I keep the NIOSH 5 from coming into alignment on my fires?
- ☐ How do I set clear tactical objectives, have clear communications, and establish command presence?
- ☐ How do I create a personal system that blends all my classes, certifications, SOP's, ICS, and tactical fundamentals into a simple, street-smart and effective way?
- ☐ What are the trigger points and safety issues of Offensive, Defensive and Combination strategies?
- ☐ What is the real difference between RECEO-VS and SLICE-RS and how do they work together?
- ☐ What is the SIGNAL method for modern victim profiling?
- ☐ How do I really use ICS day-to-day and get beyond "checking the boxes"?
- ☐ How do we get SOP's/SOG's working in my department?
- ☐ What do changes in construction and fire behavior mean to modern-day tactics and command?
- ☐ What are the implications of the latest NIST and UL studies regarding flow path?

- ✓ All curriculum is NIMS & ICS compliant
- ✓ Excellent training for aspiring officers or seasoned officers wishing to improve command and tactical skills
- ✓ Receive Tactical Worksheets for Structure Fires, Wildland Fires, Hazardous Materials Incidents and MCI's

Battalion Chief Anthony Kastros is a 33-year veteran of the fire service. He is author of the Fire Engineering DVD series "Mastering Fireground Command - Calm the Chaos!" and author of the Fire Engineering book and video series, "Mastering the Fire Service Assessment Center". Chief Kastros was the FDIC International 2013 Keynote Speaker and 2019 George D. Post Instructor of the Year.
